

ADLER - BIRD FREE GEL CASE STUDY

Yeol Bridge, Incheon City, Korea, 6 July 2013

Cormorants would perch on top of Yeol Bridge and foul the walkway below. On 6 July 2013, Narae installation company first cleaned the bridge

ADLER - BIRD FREE GEL CASE STUDY

...and then applied Bird Free to the parts of the bridges superstructure where the cormorants used to perch.

The cormorants have not returned since.
